

a friendly and comfortable
residential and dementia care home
in the heart of Hamworthy

Care South residential care

We know that selecting a care home can be a difficult decision. The information below aims to help you understand why Dorset House is the right choice for high quality care delivered within a safe and caring environment. You are bound to have questions so please feel free to ring us to discuss any queries you may have or why not pay us a visit and see how Care South can help with your care needs.

Dorset House is a friendly and comfortable residential care home in the heart of Hamworthy where choice and independence are encouraged. We provide a safe and caring environment where residents can live their lives as if in the comfort of their own home, but cared for by dedicated staff, trained to nationally recognised standards.

Whether you seek care for the physically frail or those with dementia, we have 48

single rooms (including three en suite) and two double bedrooms spread over two floors for men and women aged 65 and over with low, medium and high care needs. We provide specialist 24 hour personal care for all aspects of daily living.

Following full assessment prior to admission of each individual, lifestyle preferences and activities will be discussed with each resident and their family.

While we have the very

best in care and facilities, the key to our residents' happiness is how it's delivered. So, within our "home from home" environment, we provide individual care with privacy, dignity and respect in an atmosphere of reassurance, warmth and affection.

To deliver this level of care and support we have wonderful staff who are dedicated to the happiness and wellbeing of our residents.

There are many additional facilities and services designed to make life pleasurable and as normal as possible at Dorset House.

We have six lounges and a dining room as well as several other communal areas and a lovely large secure garden which provides areas for peace and reflection. In addition, we have a 12 person day centre where people from the local community come for interaction and activity.

We have an in-house laundry service, hair salon

and a chef who prepares a wide choice of meals, snacks and drinks as well as catering for special dietary needs. In other areas of everyday life we provide assistance with dentists, opticians and chiropody.

We have regular church services covering Catholic and Christian Fellowship and we are within reach of a number of other local churches. Dorset House is very close to the local shops and post office in Blandford Road, Poole, which are

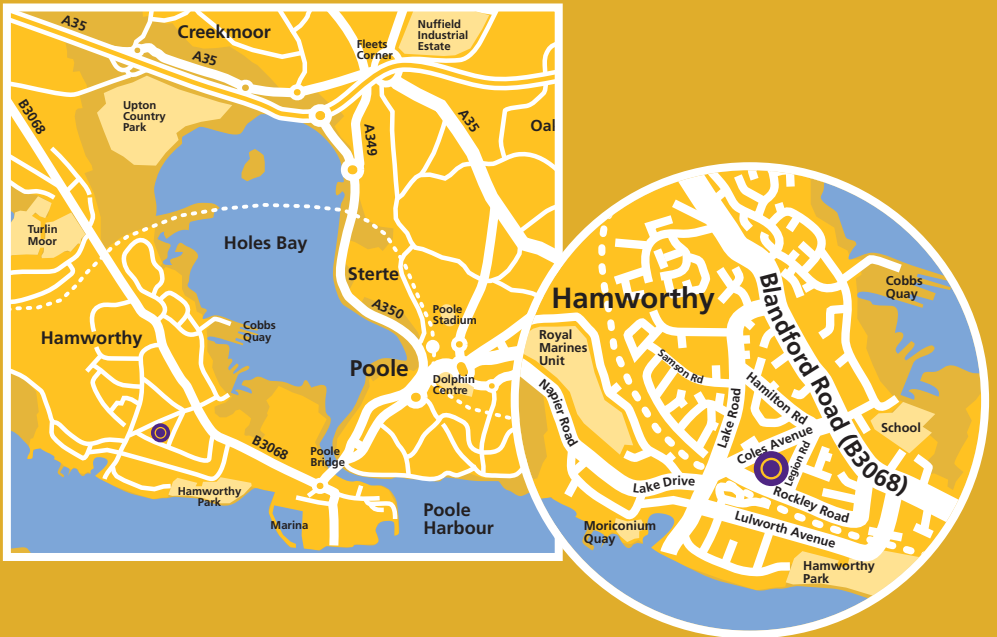

easily accessible for relatives and residents to visit.

We know our residents enjoy a wide variety of entertainment and our full calendar of activities is too great to list here! However, it does include bingo and quiz nights, beauty and music sessions, outings, coffee mornings and arts and crafts mornings.

Please come and visit us at Dorset House and experience our unique and caring approach for yourself.

If you are looking for a residential and dementia care home where dignity, respect, laughter and happiness are central to the philosophy of care then call the Home Manager on 01202 672427.
