

a warm and friendly
residential and dementia
care home in Poole

Care South residential care

We know that selecting a care home can be a difficult decision. The information below aims to help you understand why Elizabeth House is the right choice for high quality care delivered within a safe and caring environment. You are bound to have questions so please feel free to ring us to discuss any queries you may have or why not pay us a visit and see how Care South can help with your care needs.

Elizabeth House is a traditional care home located in Poole, very close to Alderney Hospital. We provide a safe and caring environment where residents can live their lives as if in the comfort of their own home, but cared for by dedicated staff, trained to nationally recognised standards.

Whether you seek care for the physically frail or those with dementia, we have 32 single rooms, (of which two are en suite) and an 11 bed dementia unit, again with

single rooms, for men and women aged 65 and over with low, medium and high care needs. We provide specialist 24 hour personal care for all aspects of daily living.

Following full assessment prior to admission of each individual, lifestyle preferences and activities will be discussed with each resident and their family.

While we have the very best in care and facilities, the key to our residents' happiness is how it's delivered. So, within our

"home from home" environment, we provide individual care with privacy, dignity and respect in an atmosphere of reassurance, warmth and affection.

To deliver this level of care and support we have wonderful staff who are dedicated to the happiness and wellbeing of our residents.

There are many additional facilities and services designed to make life pleasurable and as normal as possible at Elizabeth House.

We have a large lounge and dining room in both the main home and the dementia unit. There is also a large south facing conservatory which leads out onto a patio area within our extensive sunny, well maintained garden. All of these provide areas for peace and reflection as well as social interaction.

We have an in-house laundry service, hair salon and a chef who prepares a wide choice of meals, snacks and drinks as well as catering for special dietary needs. In other

areas of everyday life we provide assistance with dentists, opticians and chiropody.

The Poole Library Service visit regularly and offer residents a range of reading material. We have regular church services with clergy visiting from St Clements, Church of the Latter Day Saints and the local Roman Catholic Church. Visits to other local churches can be arranged. We are located close to the bus routes into Poole's busy shopping centre. A local post office and small

selection of shops are within walking distance of the home.

We know our residents enjoy a wide variety of entertainment and our full calendar of activities is too great to list here! However, it does include weekly bingo and quiz sessions, exercises to music, minibus trips, coffee mornings and arts and crafts mornings.

Please come and visit us at Elizabeth House and experience our unique and caring approach for yourself.

If you are looking for a residential and dementia care home where dignity, respect, laughter and happiness are central to the philosophy of care then call the Home Manager on 01202 744545.
