Talbot View

α modern purpose built residential care
and dementia home in Ensbury Park,
north Bournemouth

Care South residential care

We know that selecting a care home can be a difficult decision! The information below aims to help you understand why Talbot View is the right choice for high quality care delivered within a safe and caring environment. You are bound to have questions so please feel free to ring us to discuss any queries you may have or why not pay us a visit and see how Care South can help with your care needs.

Opened in 2000, Talbot View is a modern purpose built residential and dementia care home in Ensbury Park, north Bournemouth. It is close to Talbot Woods and the open spaces of Ensbury Park. We offer high standards of individual care and our staff will always go that extra mile to meet our residents' needs.

Whether you seek care for the physically frail or those with dementia, we have 59 en suite single rooms. The home is divided into four wings, two for frail elderly and two for dementia

residents. Each wing has approximately 15 residents ensuring small friendly groups of men and women aged 65 and over with low, medium and high care needs. We provide 24 hour personal care for all aspects of daily living by our dedicated staff who are all highly trained to nationally recognised standards.

Following full assessment prior to admission of each individual, lifestyle preferences and activities will be discussed with each resident and their family.

While we have the very best in care and facilities, the key to our residents' happiness is how it's delivered. So, within our "home from home" environment, we provide individual care with privacy, dignity and respect in an atmosphere of reassurance, warmth and affection.

To deliver this level of care and support we have warm and friendly staff who are dedicated to the happiness and wellbeing of our residents.

There are many additional facilities and services designed to make life as pleasurable as possible. Lounges and several other communal areas, a quiet room and a lovely sunny garden provide areas for peace and reflection as well as social interaction.

We have an in-house laundry service and hair salon and chefs preparing a choice of meals, snacks and drinks as well as catering for special dietary needs. In other areas of everyday life we provide

assistance with dentists, opticians and chiropody.

The local Community Centre is within walking distance of Talbot View and offers many different activities on a daily basis. We have regular church services covering Methodist, Evangelical and Christian Fellowships and a shop providing basic essentials. Outings to nearby Columbia Road which has a few shops, including a library, chemist and newsagent as well as being on a bus route into

Bournemouth, can be easily arranged.

We know our residents enjoy a wide variety of entertainment and our full calendar of activities is too great to list here. However, it includes bingo and quiz nights, beauty and music sessions, occasional minibus trips, coffee mornings and arts and crafts mornings.

Please come and visit us at Talbot View and experience our friendly and caring approach for yourself.

If you are looking for a residential and dementia care home where dignity, respect, laughter and happiness are central to the philosophy of care then call the Home Manager on 01202 537571.
