

a welcoming residential
care home in
central Bournemouth

Care South residential care

We know that selecting a care home can be a difficult decision. The information below aims to help you understand why The Fearnies is the right choice for high quality care delivered within a safe and caring environment. You are bound to have questions so please feel free to ring us and discuss any queries you may have or why not pay us a visit and see how Care South can help with your care needs.

The Fearnies is a purpose built residential care home, which also offers dementia care, divided into four small units which all offer an individual and homely environment. The Fearnies benefits from excellent communications links with the train station and major bus routes nearby.

Whether you are seeking care for a physical difficulty or those with dementia, we have 40 single rooms spread over two floors, for men and

women aged 65 and over with low, medium or high care needs. We provide specialist 24 hour personal care for all aspects of daily living delivered by our dedicated staff, trained to nationally recognised standards.

Following a full assessment prior to admission, individual lifestyle preferences and activities will be discussed with each resident and their family.

While we offer high quality care and facilities, the key

to our residents' happiness is how the care is delivered. So, within our "home from home" environment, we provide individual care with privacy, dignity and respect in a supportive atmosphere.

To deliver this level of care and support our staff are dedicated to the happiness and wellbeing of our residents.

There are many additional facilities and services designed to make life

pleasurable at The Fearnese. In each of the four units we have a lounge and dining room as well as a conservatory and direct access to the garden which provide areas for peace and reflection as well as social interaction.

There is a large central hall where many of our activities take place and our large landscaped garden is fully enclosed for our residents to enjoy, whenever the weather permits.

We have an in-house laundry service, hair salon with visiting hairdresser and a chef who prepares a choice of meals, snacks and drinks as well as catering for special dietary needs. In other areas of everyday life we provide assistance with dentists, opticians and chiropody.

We have regular visits from local clergy of different denominations and The Fearnese is within close reach of many churches. We run a small library and

have a selection of books available. There is a small shop providing basic essentials and trips to the nearby local shops can be easily arranged.

We know our residents enjoy a wide variety of entertainment and there is a full calendar of activities.

Please come and visit us at The Fearnese and experience our unique and caring approach for yourself.

If you are looking for a residential care home where dignity, respect, laughter and happiness are central to the philosophy of care then call the Home Manager on 01202 296906.
