DELIVERING QUALITY CARE

St Martins

a much loved and friendly
residential care home
in the heart of Gillingham

Care South residential care

We know that selecting a care home can be a difficult decision. The information below aims to help you understand why St Martins is the right choice for high quality care delivered within a safe and caring environment. You are bound to have questions so please feel free to ring us and discuss any queries you may have or why not pay us a visit and see how Care South can help with your care needs.

St Martins, a purpose built care home, is a residential home with facilities for people with dementia. Located in the centre of Gillingham, the home enjoys strong links with the local community. The welfare of our residents is of paramount importance to all staff, many of whom have worked at the home for more than 20 years.

Whether you are seeking care for a physical difficulty or those with dementia, we have five double and 22 single rooms that are spread over

two floors, for men and women aged 65 and over with low, medium or high care needs. We provide specialist 24 hour personal care for all aspects of daily living delivered by our dedicated staff, trained to nationally recognised standards.

Following a full assessment prior to admission, individual lifestyle preferences and activities will be discussed with each resident and their family.

While we offer high quality care and facilities, the key

to our residents' happiness is how the care is delivered. So, within our "home from home" environment, we provide individual care with privacy, dignity and respect in a supportive atmosphere.

To deliver this level of care and support our staff are dedicated to the happiness and wellbeing of our residents.

There are many additional facilities and services designed to make life pleasurable at St Martins.

These include two light and spacious lounges, a large dining room as well as several other communal areas which provide space for peace and reflection as well as social interaction. Our decking area, situated off the dining room, offers residents the opportunity to enjoy their meals and drinks outside whenever the weather permits.

We have an in-house laundry service, hair salon with visiting hairdresser and a chef who prepares a choice of meals, snacks

and drinks as well as catering for special dietary needs. In other areas of everyday life we provide assistance with dentists, opticians and chiropody.

Gillingham Library Service is happy to provide residents with a wide range of reading material. Clergy from St Mary's Church conduct regular non-denominational services with Holy Communion at the home for those who wish to participate and the local Catholic Church regularly visit the home. Visits to

other local churches can be arranged. Just a very short walk from St Martins is Gillingham High Street where a selection of local shops can be found.

We know our residents enjoy a wide variety of entertainment and there is a full calendar of activities.

Please come and visit us at St Martins and experience our unique and caring approach for yourself.

If you are looking for a residential care home where dignity, respect, laughter and happiness are central to the philosophy of care then call the Home Manager on 01747 823221.
